OBJECTIVE

Results-driven Frontend Developer specializing in React.js, Tailwind CSS, and Vite. Experienced in architecting scalable user interfaces, engineering complex state management, and writing robust unit tests. Passionate about delivering high-performance, responsive web applications and actively seeking opportunities to contribute to dynamic software engineering teams.

EDUCATION

B.Tech Computer Technology, Bannari Amman Institute of Technology

2022 - 2026

SKILLS

Frontend Technologies	React.js, Tailwind CSS, HTML5, CSS3, Vite, Material-UI (MUI)
Backend & Database	Node.js, Express.js, MongoDB Atlas, RESTful APIs, SQL
Languages	JavaScript (ES6+), Java, C, SQL
Tools & Testing	Git, GitHub, Jest, React Testing Library, Postman

EXPERIENCE

Frontend Developer Intern

Jun 2026 - Aug 2026 (3 Months)

QCerebrum Softwares (Enterprise CRM Dashboard)

- Spearheaded the frontend development of a comprehensive enterprise CRM dashboard using **React.js** and **Vite**, delivering scalable components for complex lead assignments and hierarchical company structures.
- Engineered robust UI architectures including multi-step wizards, custom modals, and dynamic data tables, utilizing advanced **React Hooks** and state management techniques.
- Championed software reliability by writing comprehensive unit tests using **Jest** and **React Testing Library**; configured sophisticated API service mocks and achieved 100% test pass rates across mission-critical modules.
- Streamlined agile collaboration by actively managing **Git/GitHub** version control; resolved complex merge conflicts, opened PRs, and maintained strict code quality through thorough code reviews.

PROJECTS

BIT CAMPS (Leave Request & Approval System) *Full-Stack Developer — MERN Stack*

Architected a secure, full-stack leave management portal allowing users to submit requests and administrators to review/approve them in real time. Implemented instant notification systems and state-driven dashboards to ensure process transparency and reduce administrative overhead.

BRAINWAVE (Modern UI/UX Showcase) *Frontend Developer — React.js, Tailwind CSS*

Developed a high-performance, visually stunning landing page exemplifying modern UI/UX principles. Leveraged complex CSS animations and responsive design techniques to establish a sleek user experience, serving as an architectural blueprint for future deployments.

STUDENT RESULT MANAGEMENT SYSTEM *Frontend Developer — React.js*

Collaborated with a 3-member team to design and deploy an academic performance tracking system. Engineered data visualization interfaces and optimized data-retrieval workflows, significantly reducing processing time for administrative records.

ACHIEVEMENTS & CERTIFICATIONS

- **React JS Certification** – Infosys Springboard

- **Azure DevOps Certification** – Coursera
- **Runner-Up** – Line Following Robot Competition, IIT Palakkad
- **Finalist** – Technical Competition, Sona College of Engineering and Technology
- **Participant** – AI in Fashion Design Process, National Conference at PSG College of Technology

DECLARATION

I, Kamalesh Kannaa I, hereby declare that the details and information given above are complete and true to the best of my knowledge.
